## **RESUME**

I've been a Web Designer for 4 years, I am passionate about the Web environment, especially HTML5, CSS3, PHP, Wordpress and responsive design. I am self-motivated to challenge myself with new layouts, and discover new things. I always look forward to meeting new people, collaborating with the staff, sharing my knowledge, attaining new skills, and improving them. I am also very enthusiastic about Web development. I've been working with JavaScript and jQuery for about 2 years, and I like how React gets things done. I am a very proactive, open-minded and easy-going person, and I am always keen on learning more.
